Press Items:

"As a BM fan, it's great to see a band standing up for the intellectual and artistic value of black metal, and even better that they are able to back it up with some stunning and sometimes beautifully grave music..." - Zero Tolerance Magazine

"Fuck LITURGY – THIS is transcendental black metal." -Metalinjection.net

"Semen Datura should be given credit for putting out a body of work that isn't generic or stale" -About.com

"It are in the moments that the band open up and break out of the more typical black metal that I would argue the personality of this band shines through the most. It's clear that this is where they will go in the future, as well" -The Convivial Hermit

"A fairly forward-thinking path that twists and turns...an invigorating listen...a record with character and more than a bit of ambition" -Metal Hammer

"Quite skillfully composed and unique sounding...The end result is infinitely interesting and keeps this CD deeply rooted in my player, but it is rather disjointing to the senses. This is undoubtedly the band's intention" - Worm gear zine

Band Statement concerning the 3rd Album "Einsamkeit":

It has been a very hard and long birth...but this album is what we always wanted to do!

Conrath states:

Sometimes I was about to write a musical requiem... Something you do for eternity.
Often I decided between the gun and the guitar. But SSRI helps and we are here with the new album.
